

# SUPPORTING THE MISSION TO SAVE AND HEAL LIVES

**EIN: 81 - 3650975**

New England Donor Services is **the not-for-profit organization that coordinates organ and tissue donation in the six New England states and Bermuda**. Through its organ procurement organization, New England Organ Bank, and its centralized tissue donation services operation, **the organization serves thousands of donor families each year who have generously made the decision to donate and honors the wishes of those who registered as donors**. Thank you for your generosity and for providing hope to the thousands of people throughout New England currently waiting for a transplant.

## YOUR CONTRIBUTION SUPPORTS:

**Expansive community outreach projects** to educate the public including youth education campaigns, expansion of volunteer services, training and materials and resources for Motor Vehicle Offices across the region (where over 95% of people make the decision to be a registered donor!).

**Donor Family support** and resources providing compassionate care in their grief and national initiatives, like the Rose Parade Float, to honor and remember donors.

**Increases in media** messaging from public relations efforts in news media to social media and public service announcements about the importance of donation airing throughout the region.

**MAKE A CONTRIBUTION TODAY!**
